

COVID-19 Update: March 18, 2020

Dear Emmaus Community,

In adhering to national, state, city, and diocesan recommendations regarding COVID-19, and in our deep care and concern for the well-being of all, Emmaus House will not have Mass or Centering Prayer until further notice. We will be sure to keep you updated with any subsequent changes to our services and upcoming events. Thank you for your patience and understanding.

In the coming days and weeks, we will be in touch with individuals and groups that have registered for various upcoming retreats and events. In the meantime, please don't hesitate to contact us with any questions.

Even as we engage in "social distancing," let us join together in spirit, holding each other in prayer, and experiencing within us the deep, eternal communion we share with our entire human family in God.

Wishing you, as well as your family & friends, continued hope and peace in God's love and care,

Emmaus House Staff & Board

COVID-19 Update: March 12, 2020

Dear Emmaus Community,

During this time of uncertainty and concern over the spread of the coronavirus, we hope that Emmaus House can continue to be a sacred and welcoming space for spiritual companionship and prayerful reflection, as we experience hope and peace in God's care for us and our care for each other.

In times such as these, we are more aware than ever of the interconnectedness of the human family. To play our small part in the global effort to slow the spread of COVID-19, and in our concern for the well-being of all who come to Emmaus, we will continue to take necessary steps to protect your health.

In addition to frequently cleaning and disinfecting of all regularly used spaces and touched surfaces, we will follow the diocesan precautionary measures for Mass and other small gatherings. We are closely monitoring the COVID-19 situation, and will keep you up to date regarding any potential changes to our ongoing services and offerings.

We ask you to please join us in our efforts through good hygienic practices, including frequent handwashing and avoiding of direct physical exchanges. Although we hope all can continue to come to Emmaus, if you are feeling ill, have family members or friends who are ill, have been to a location where COVID-19 is prevalent, or are at-risk or immunocompromised, we invite you to stay home, both for your well-being and that of others.

Finally, whether or not you are able to be with us at Emmaus, we invite you to join us in solidarity with our human family, as we hold everyone, especially those most afflicted, in prayer.

Wishing many blessings to you and your family,

Emmaus House Staff & Board
